

Osage Arts Community – Art Center will be offering 2 fine arts camps this summer. Ages 6-18 can participate in either "2D/3D" or "Art as Expression"

2D/3D will give students the opportunity to explore a variety of media while learning about the elements of art and the principles of design. Drawing pencils, pastels, water based paints, plaster, and assemblage items will be available for student use. Emphasis will be given to the concept of space as students utilize the materials and new found knowledge in two and three dimensions.
